OVERVIEW

Full-Stack Developer with hands-on experience in building and deploying real-world web applications using React.js, Node.js, Express.js, MongoDB, MySQL, and REST APIs. Skilled in frontend and backend development, API integration, authentication, and database management. Strong problem-solving mindset with a focus on clean code, scalable applications, and continuous learning.

TECHNICAL SKILLS

Programming Languages: Python, JavaScript, TypeScript

Frontend Technologies: React.js

Backend Technologies: Node.js, Express.js, RESTful APIs

Databases: MongoDB, MySQL

Developer Tools: Git, GitHub, Postman, VS Code, Google Workspace

Professional Skills: Problem Solving, Team Collaboration, Communication, Continuous Learning

PROFESSIONAL EXPERIENCE

Full Stack Development | Production Applications *May 2025 – Present*

- Designed and deployed scalable full-stack applications using React, Node.js, Express.js, and MongoDB.
- Managed end-to-end software lifecycle from requirements gathering to deployment and post-launch support.
- Integrated REST APIs and authentication features to improve application functionality.

Full-Stack Developer Internship, Mamo Technolabs LLP *Dec 2024 – March 2025*

- Developed a full-stack event management platform supporting authentication, payments, and event management, reducing manual event registration workflow.
- Gained hands-on experience in building and deploying web applications.

EDUCATION

Master of Technology (AI-Data Science) *Aug 2025 – Present*
Parul University, Vadodara(Gujarat) **CGPA – 9.08/10**

Bachelor of Technology (Information Technology) *Sept 2022 – May 2025*
Parul University, Vadodara(Gujarat) **CGPA – 8.68/10**

Diploma In Engineering (Information Technology) *Aug 2019 – May 2022*
Maharaja Sayajirao University Of Baroda , Vadodara(Gujarat) **Percentage – 85%**

Class 10th - GSEB *Jun 2018 – Mar 2019*
Sabari Vidyalaya, Vadodara(Gujarat) **Percentage – 79.83%**

TECHNICAL PROJECTS

RouteWise – AI-Assisted Travel Planning Platform

Skills: React.js, TypeScript, Node.js, Express.js, MySQL, Prisma ORM, JWT Authentication, Gemini AI, Tailwind CSS

- Developed a full-stack AI-assisted travel planning platform that enables users to create, manage, and share multi-city itineraries with secure authentication and relational data management.
- Designed and implemented RESTful APIs using Node.js, Express.js, and Prisma ORM for trip planning, budgeting, itinerary management, and activity tracking.
- Integrated Gemini AI through a secure backend service to provide route optimization, budget recommendations, travel summaries, and itinerary suggestions while protecting API credentials.
- Implemented JWT-based authentication, protected APIs, request validation, and secure session management following modern web security practices.
- Collaborated in a two-member team using Git and GitHub to deliver a production-ready solution during the Odoo × Parul University Hackathon 2026.

EagleMart – E-Commerce Platform

Skills: React, Node.js, Express.js, MongoDB

- Developed a scalable full-stack e-commerce platform using React, Node.js, Express.js, and MongoDB.
- Designed REST APIs for product, cart, and order management.
- Implemented authentication and responsive user interfaces.
- Optimized backend operations for maintainability.
- Delivered a fully operational storefront, live within days of handoff.

Eventful : An Event Management Platform

Skills: React, TypeScript, NodeJS, MongoDB

- Developed a full-stack event management platform using React, Node.js, and TypeScript, featuring event creation.
- Integrated Stripe for secure payment processing, and implemented user authentication with Clerk.
